THE superlative is significant and important, for we have had many great sales. They have paved the way for this, the greatest of all. Plenty of room. That's a thing to mark with a white stone, for bargain-getting and comfort do not always go together. But in this case we have given up nearly a third of the entire fifth floor. Ten elevators take you there, two running express.

All the shoes spoken of yesterday are still in full supply. In addition, these, and more to follow.
